### ***Project Committee***

Cart path on #8 has been formed and poured. It should be available for use within the next couple of days (if not already).

### ***Course News***

Please make sure you (or playing partners) are not driving up around the greens. The better we do now, the better off we'll be in the spring. There will be ropes going up shortly.

If you see someone driving too close (or slowing the pace of play), you can say something or call the pro shop.
